## Measuring Toys

Choose a selection of small toys from your home.
Use a ruler to measure the height of each toy.
Record your measurements in the table below.

|  | Toy | Height (mm) |
| :--- | :--- | :--- |
| A |  |  |
| B |  |  |
| C |  |  |
| D |  |  |
| E |  |  |
| F |  |  |

Now create a bar chart to show the information you have collected.

Which toy is the tallest? $\qquad$
Which toy is the smallest? $\qquad$
